OBJECTIVE

To obtain a challenging Frontend Web Developer position with a reputable organization where I can utilize my skills and experience in developing and designing innovative, user-friendly, and responsive web applications.

EDUCATION

Bachelor of Science in Industrial Mathematics
University of Benin, Benin-city, Edo State, Nigeria
NOV 2016 – JULY 2021

EXPERIENCE

Intern, Data Analyst | Seven-Up Bottling Company HQ
JAN 2022 – DEC 2022
- Prepared reports and presentations based on analysis findings
- Assisted in the development of data visualization tools using Power BI and Tableau
- Collaborated with other team members to solve complex problems

Frontend Mobile Developer | Coutana
SEPT 2021 – NOV 2022
- Developing user interfaces
- Collaborating with designers and backend developers
- Implementing application navigation and routing

Web Developer | Seven-Up Bottling Company
JAN 2023 – CURRENT
- Developing and maintaining company websites
- Designing and implementing new features to improve user experience
- Collaborating with cross-functional teams to develop new products and services
- Troubleshooting and resolving website issues

SKILLS

- React JS and React Native: proficiency in both of these frameworks, including a strong understanding of their architecture, components, and APIs.
- HTML/CSS: proficiency in HTML and CSS, including knowledge of modern layout techniques, responsive design, and cross-browser compatibility.

- Web development: experience developing responsive web applications using React JS, including knowledge of modern web development techniques such as Single Page Applications (SPAs) and server-side rendering.

- Strong analytical and problem-solving skills
- Excellent communication and interpersonal skills
- Able to work independently or as part of a team

CERTIFICATION

- Data Analysis with Python, FreeCodeCamp, 2022
- Accounting Fundamentals, Corporate Finance Institute, 2021
- Front-End Web Development, Zuri team, Inc., 2022
